

REMARKS/ ARGUMENTS

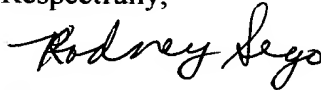

In the Specification, much has been deleted to avoid confusion, and to conform to examiner's directives.

No changes were made to Figures 1 and 2 of the drawings.

Claims 1-8 remain in this application, with a few words changed to be more exact and correct. Support for the Claims is argued more fully in the attached answer to the First Office Action directed to Mr. Burton S. Mullins, Primary Patent Examiner.

Applicant respectfully requests that a timely Notice of Allowance be issued in this case.

Respectfully,

A handwritten signature in black ink, appearing to read "Rodney Sego", written in a cursive style.
